World of Customization

World of Customization

The phrase 'bespoke,' while commonly used today, has its origin in a time when 'made to order' products were expected and customers trusted that their whims were paramount. Matouk was founded on these principles and has been producing linens with this philosophy since 1929. The same experience and expertise that allows us to execute our classic items to perfection also allows for personalization. Our factories in Fall River and the Philippines operate at the top of their craft, which makes artful innovations possible at peerless quality and without significantly extending the timeline of your order.

Become our collaborator on custom and bespoke linens for occasions when you want an item that is yours alone, or when the design in your mind's eye calls for unique detailing or sizing. We can realize your dreams by substituting a base fabric, changing embroidery colors, or creating standard items in a custom size. So, go ahead, get particular. Matouk has a World of Customization for you to explore.

Customizing Standard Products

All standard Matouk products are carefully designed and crafted to use an ideal blend of fabric, construction and color, but we know you may want linens with a specific, custom combination of these components. You might like certain aspects of one standard product, but prefer other attributes of a different one. This section of our World of Customization will help you understand how to get exactly what you want.

There are seven primary ways to customize our standard products:

- I. Substituting the Base Fabric
- II. Changing Appliqué and Tape Colors
- III. Changing Embroidery Colors
- IV. Making a Standard Item with Custom Dimensions (Custom-Sizing)
- V. Applying a Standard Finishing Detail to the Fabric of Your Choice
- VI. Quilts
- VII. Archived Products

Fundamental Principle: How do you know if you can customize a standard product?

Just look where it's made. If a standard product is made in the USA (at our factory in Fall River, MA) or in the Philippines, then you can customize it. If it's made somewhere else, then you can't.

I. Making Base Fabric Substitutions

Let's say you have selected a product but you want to customize it by changing the base fabric. How do you know what fabrics are available? Great question. Again, it's all about the location. You can substitute fabrics based on the fabrics that are available in the location of production of any item.

Here is the list of the fabrics we keep in Fall River, MA and the Philippines. All colors are available unless otherwise specified. See the Base Fabric Substitution Guide on pages custom 15-19 for how to price your item.

Fabrics Available in Fall River, MA: Use to select custom fabrics for any items made in the USA such as Bergamo, Ansonia, India, etc.

II. Changing Appliqué or Tape Colors

Let's say that you have selected a product with a tape or appliqué finish and you are happy with the base fabric, but you want to customize it by changing the appliqué or tape color? How do you know if that is possible and, if it is, how do you know what options are available? Again, the production location is critical here. Let's start with products made in Fall River, MA.

For items made in Fall River, you can use the Matouk Tape Book to select custom tape colors for the following styles which already have a standard tape finish:

BEDDING

Baudin Butterfly
 Camilla Pique
 Celine Quilted
 Charlotte
 Del Tesoro
 Duma Diamond Quilted
 Joplin
 Margot
 Newport

Pomegranate
 Poppy
 San Cristobal

BATH

Astor Braid
 Bel Tempo

 Newport

You can feel free to change both the base fabric and the appliqué color at the same time.

Example: Would you like our Camilla Pique Style with Marble 3855 tape? Certainly!

For items made in the Philippines, you can use any color of Milano, Nocturne or Talita fabric to change the appliqué color on the following styles:

BEDDING

Ambrose
 Aziza
 Aziza Matelassé
 Bryant (corded edge)
 Dominique (corded edge)
 Daphne (corded edge)
 Feather
 Gatsby

Lorelei
 Lowell

You can feel free to change both the base fabric and the appliqué color at the same time.

Examples: Would you like the Bryant style, but made on Gatsby Bone base fabric with Nocturne Pool cording? Of course! How about Mirasol, but made on Nocturne Azure base fabric with Navy appliqué? It's yours!

III. Changing Embroidery Colors

Now let's say that you have selected a product with an embroidered finish and you are happy with the base fabric, but you want to customize it by changing the embroidery color. Regardless of where that item is made in Fall River, MA (e.g. Ansonia or Bergamo) or in the Philippines (e.g. Daphne or Stella), you can change the thread color to any thread contained in the Matouk Thread Book

For items made in Fall River, you can use the Matouk Thread Book to select custom embroidery colors for the following styles:

BEDDING

- Ansonia
- Bel Tempo
- Bergamo
- Butterfield
- Celine
- Ceylon Satin Stitch
- Classic Chain

IV. Making a Standard Item with Custom Dimensions (Custom-Sizing)

You can have any item made in Fall River, MA or the Philippines in a custom size. It is important to know the width of the fabric you are working with in order to determine the maximum size an item can be made without "piece-ing" the fabric together in a way that requires additional seams. You will find the fabric width on each relevant page of the Matouk Book. It is also important to consider the directionality of patterned fabrics as that will affect our ability to make oversized items.

Please be aware that our custom sizing capabilities only pertain to items that are in the product's standard size assortment. For example, if you would like a custom-sized coverlet for an item that has standard sized coverlets (e.g. Diamond Pique, Petra or Camilla Pique), that is not a problem. However, if you would like a coverlet made in a style that does not have standard sized coverlets (e.g. Ansonia or Lowell), you must contact customer service in advance for approval.

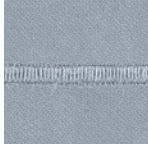

V. Applying Any Finishing Detail to the Fabric of Your Choice

This is a special capability of our Fall River, MA factory. You can combine any of our standard finishing details (from products made in Fall River) with any of our fabrics stocked in Fall River. Here is a list of all our standard finishes and some of the products that feature them.

To apply a finishing detail to a fabric of your choice, use the Base Fabric Substitution Guide on pages custom 15-19 and follow the below steps.

1. Select the finishing detail you would like and refer to the correlating style name in the description, which is in bold (e.g. for **ES1**, refer to Butterfield).
 2. Find that style name on the Base Fabric Substitution Guide and follow the steps outlined.
- For **SS6**, use Ansonia as your correlating style. For **ES4** use India as your correlating style. For **AFT1** use Newport as your correlating style.

SATIN STITCH FINISHES:

SS1		This 'micro' satin stitch is 2mm in width. Found on Luca Satin Stitch , Talita Satin Stitch and Ceylon Satin Stitch .
SS2		This 4mm medium width satin stitch is primarily associated with our Alexandra print.
SS3		This single classic 5mm satin stitch is primarily associated with our Bergamo style.
SS4		We created this elegant finish for our iconic Ansonia style. It features two rows of 5mm satin stitching separated by several inches, depending on the size of the flange or hem of the item.
SS5		We adapted the Ansonia for our Khilana style. SS5 features one 3mm satin stitch and one 2mm satin stitch separated by one inch.
SS6		A signature hotel look with two rows of 5mm satin stitch adjacent to each other.

SATIN STITCH FINISHES Cont'd:**SS7**

As seen on our classic **Bel Tempo** style, SS7 has three rows of 5mm satin stitches, adjacent to each other.

EMBROIDERED SCALLOP FINISHES:**ES1**

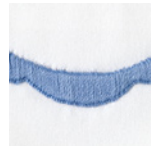

Simultaneously traditional and modern and made famous by our **Butterfield** style, ES1 features a large embroidered edge scallop with interior 3mm Satin Stitch.

ES2

Uniquely striking on our signature **India**, ES2 features a double embroidered scalloped edge, 1.25" apart.

ES3

A perfectly simple, small embroidered edge scallop, found on **Diamond Pique** bedding and **Savannah Gardens** table linens.

ES4

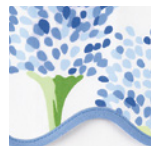

An American tradition, ES4 is an interior embroidered scallop with three ridges.

ES5

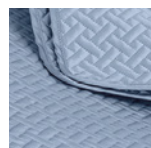

ES5 features a 4" scallop with a unique, subtly curved point at its center.

EDGE PIPING FINISHES:**EP1**

An appliqué tape scallop in gentle wave most closely associated with the Matouk Schumacher signature **Pomegranate**. Also featured on **Baudin Butterfly** and **Margot**.

EP2

A more classically contoured appliqué tape scallop. EP2 is found on **Charlotte**, **Poppy** and **Joplin**.

EP3

A simple straight tailored piped edge found on many quilts such as **Alba**, **Basketweave** and **Netto**.

EDGE PIPING FINISHES Cont'd:**EP4**

A subtle wavy appliqué scallop edge as seen on our **Camilla Pique**.

APPLIED FLAT TAPE FINISHES:**AFT1**

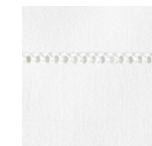

A Matouk original style, AFT1 features three rows of flat appliqué tape in signature configuration.

AFT2

Classic and elegant as seen on our **Newport** bedding, AFT2 features three rows of flat tape separated by 1/2" spacing.

Madeleine Smith Interiors

OTHER FINISHES:**HEMSTITCH**

Our classic hemstitch detail. Also found on **Bergamo Hemstitch**, **Luca Hemstitch**, **Milano Hemstitch**, **Nocturne Hemstitch**, **Positano Hemstitch**, **Roman Hemstitch** and **Sierra Hemstitch**.

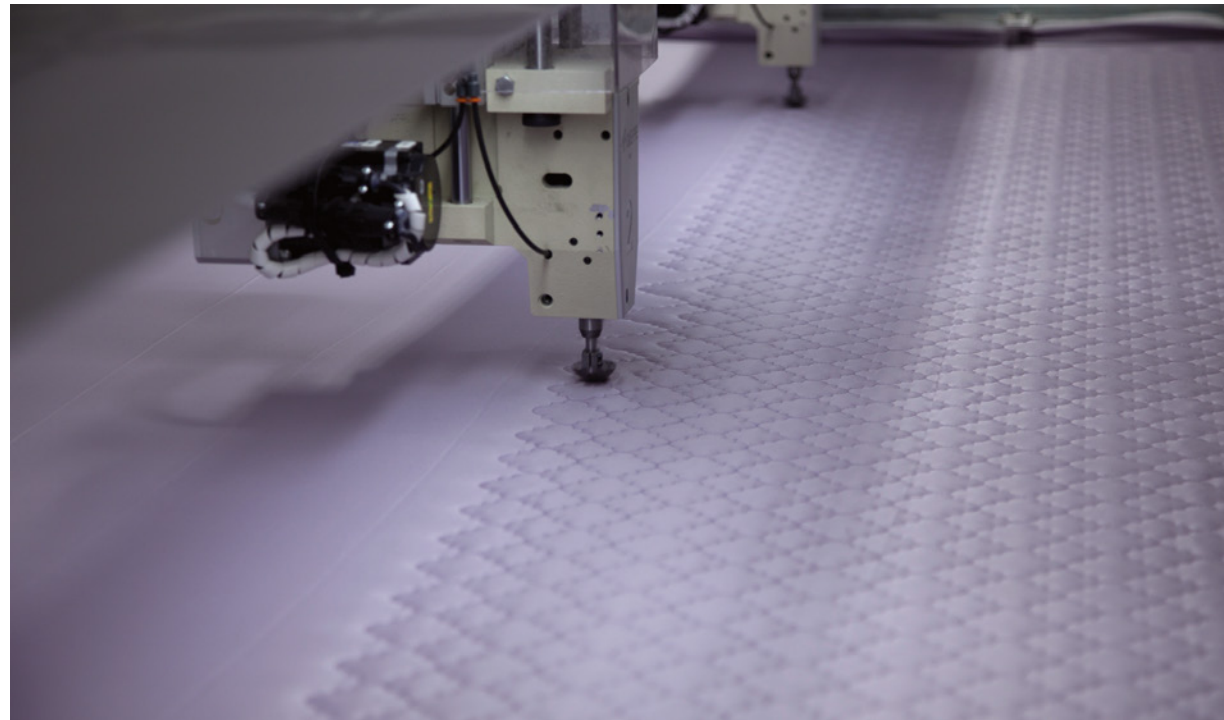

KNIFE EDGE

Go flange-free with the most simple knife edge detail found on our **Dream Modal** style as well as shams made in our **Petra** and **Duma Diamond** styles.

VI. Quilts

You can have a quilt made of any fabric stocked in Fall River finished with any of the following patterns: 2" Diamond (like Charlotte), 4" Diamond (like Pomegranate), Ava (quatrefoil) or Piazza (chevron). You can also choose any standard quilt finish such as scallop (like Charlotte) or straight piping (like Alba). The standard King Quilt is the largest size we can make for a custom quilt like this. For shams, you must order a minimum of 4 pieces. And unfortunately, you cannot select custom quilts made with the Alba, Basketweave or Netto pattern.

VII. Archived Products

If we have archived one of your favorite items that was made in the Philippines (e.g. Allegro, Francis, Camille, Collette, Cornelia, Mayfair, Oscar, Paris, Soraya) we can still make those items on any fabric available in the Philippines. We would be happy to bring one of these classic patterns back to life for you.

MONOGRAM

Matouk Monograms

Crafting an Heirloom

A monogram adds a personal touch to the most intimate spaces in your home. At Matouk we monogram using techniques passed down for generations, and have recently expanded our capabilities by implementing the use of modern embroidery machinery. This rich tradition is reflected in our vast library of designs with options for most architectural styles, each one beautifully executed to the standards of Matouk. To begin, select the style of monogram, letter combination, and color from the Matouk Thread Book that complements your home.

At Matouk, monograms come in two styles:

EMBROIDERED

Thread is stitched directly onto fabric. Elegant and light, an embroidered monogram is an understated finishing touch.

APPLIQUÉ

Bolder and more graphic, the letters in appliqué monograms are cut out of fabric and sewn down with a hand-guided embroidery machine.

Quick Ship Monograms

Matouk offers expedited delivery on a curated selection of our embroidered monograms, called Quick Ship Monograms (QSM). For in-stock merchandise, the monogram styles below will ship in just 7 business days.
