Ann Gish & The Art of Home

Everyone asked us for a comprehensive catalog outlining all that we do. Here it is: a vast 150+ pages!

This catalog now highlights our expanded categories for accent pillows, custom window treatments, and much more.

Our collaboration with the Metropolitan Museum of Art has been a major highlight. Interpreting selected works from the museum's vast collection into textiles has been an honor and has given enormous pleasure to all of us at Ann Gish.

We hope you'll delight in our vibrant fabrics, rich textures, and exquisite detailing.

Our Channel Bed/Headboard can be upholstered in leather (shown here in the headboard-only style) as well as any of our fabrics sold by the yard. Fully customizable, the Channel bed can be made as a headboard or full bed with upholstered foot and side rails, and in a variety of heights.

Custom Headboard Cover

The padded & lined headboard cover features a back zipper with stretch gussets to ensure a perfect fit. Any fabric we sell by the yard can be made into a custom headboard cover.

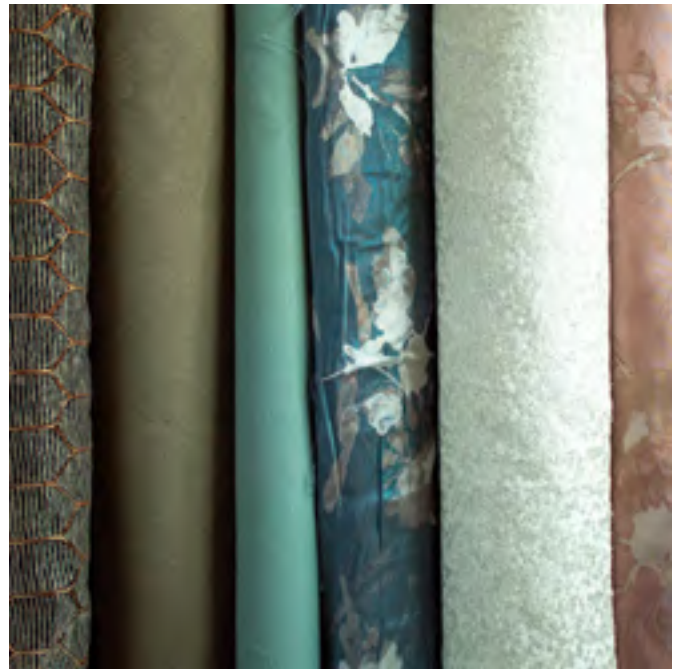

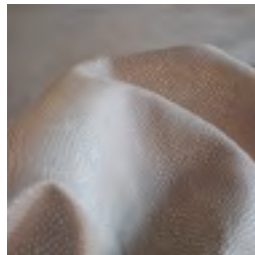

Custom Curtains

We offer custom draperies in a variety of styles and fabrics. If we offer a fabric by the yard, we can customize it into a drapery. Standard pricing is available for rod pocket and pinch pleat styles, but we can also quote valances, Roman shades, and more. Shown below are custom curtains in Majorelle and Contour embroideries.

Fabrics by the Yard

Almost all of our fabrics are available by the yard. We offer cut yardage so that you can work with your own workroom to create bedding, window treatments, and upholstery. Please call us or check our website for up-to-date availability.

Custom Bedding

Our custom bedding program fills the niche when you need bedding in different sizing or detailing than we currently stock. Generally, if we offer a fabric by the yard, we can customize it. Please contact us via orders@anngish.com to get your custom quote.
