

READY – TO – BED  
BY ANN GISH

Lightweight, silky-soft, &  
100% machine washable

**Our Ready-to-Bed 2.0 is woven from the sustainably grown fibers of the beech tree. This reincarnation of our easy-care collection mixes classic neutrals with a few perfect jewel tones. Lyocell fibers sleep cool; like silk and cotton combined, and are 100% machine washable.**

Available in 10 colors, we offer solid quilted coverlets (including twin size), shams, 36x30 pillows, and sheeting. Color combinations for unquilted duvets and shams make Ready-to-Bed 2.0 perfect for layering.

Each piece is sold individually, so you can create the perfect setup for the bed.

Want lush layers? Start with a quilted coverlet & 36x30 pillows, then add a duvet and more pillow shams.

Looking for a more modern setup? Stick with a quilted coverlet and low-profile shams, accessorizing with an Art of Home bed finisher set.
