

DOWNRIGHT

*Established 1975*

# WELCOME TO DOWNRIGHT

Downright was formed in 1975 with a mission of integrity and workmanship in the “Old Country” tradition of quality. Now, a quarter of a century later, the Downright brand has become a virtual guarantee of a consistently superior high quality product, making us one of the most respected brand names in the industry. Our exceptional reputation is based on our tremendous product selection, the highest caliber in quality and excellence in customer service.

Our knowledgeable sales staff, professional comforter and pillow producers, and ultra modern shipping department work together to ensure a smooth transition, from the placement of your order through shipping. Our White Goose Down is unsurpassed - taken from carefully raised flocks of mature geese. With Downright’s exclusive OxyD - down cleansing process, the down goes through a unique double-wash and quadruple-rinse program in order to ensure that every product is pure, authentic and hypoallergenic. We also offer a full range of the finest synthetic down-alternative products that serve as an excellent alternative to down comforters, inducing softness and warmth. Our product development team visits the world’s finest mills in quest of the finest materials and techniques, and all of our products are rigorously researched and quality checked to exceed your expectations.

At Downright, we only use the very best and it shows.

# WHY DOWNRIGHT

## DOWNRIGHT QUALITY

From the moment your order is placed with our knowledgeable staff members, through production and shipping, Downright has a system of checks and balances in place to ensure the highest level of quality control.

## CUSTOMER SERVICE

Our customer service goes beyond pillows and comforters. We pride ourselves in cultivating a personal relationship with every customer. Feel free to call us with any of your questions or concerns at 800-487-DOWN.

## MADE IN USA

Nearly all of Downright Products are proudly made right here in our state-of-the-art, modern Brooklyn plant. This ensures perfection in quality, provides jobs for our community, and accounts for our legendary quick lead time.

## QUICK LEAD TIME

Most products are produced and shipped from our 50,000 square foot warehouse in Brooklyn within 2 - 3 business days of the order placement.

## PRIVATE LABEL

At Downright, we are extremely proud of our brand name and what it stands for. However, should there be a need for private labeling, please feel free to call us to discuss it.

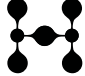

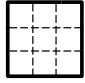

Because Downright cares about the environment, we take extra care in using only environmentally friendly raw materials.

Look for this  throughout this catalog. This indicates that the product conforms to the Oeko Tex criteria, which means it is free of all harmful substances.

LOOK FOR OUR FAMILY OF ICONS THROUGHOUT THIS CATALOG. THIS ENABLES SHOPPERS AND YOUR SALESPEOPLE TO UNDERSTAND EACH PRODUCT AT A GLANCE. YOU WILL FIND THE APPROPRIATE ICONS ON EACH PRODUCT PAGE FOR GUIDE REFERENCE.

# DOWN GUIDE

## WHY DOWN?

Down is primarily found on the bellies and chests of ducks and geese. The down clusters are located underneath the bird's main feathers. They look like little cotton balls with a round center called a plumule. Each plumule has thousands of tiny fibers emanating from its core.

Down is a natural choice in more ways than one. Down is nature's premiere fill and insulator. Because down is so lightweight, it's one of the most comfortable and most desired fills for a blanket or comforter. Down also has the amazing ability to breathe, lifting moisture away from the sleeper. Far less down is needed in weight than other fillings, which means a much lighter, but warmer product.

## FILL POWER

How many cubic inches a compressed ounce of down will occupy (loft) after it's decompressed. All down is not the same. Down from larger, mature birds offers more insulating power and a better ability to loft and will thus have a higher fill power. The higher the fill power, the better the quality and warmth, because down works by trapping air. This means that a higher quality comforter can weigh less than a heavier, lower quality one; yet still provide more warmth—not to mention lightweight comfort.

AT DOWNRIGHT WE ARE PROUD TO OFFER HIGH QUALITY DOWNS WITH A VARIETY OF FILL POWERS.

## WHITE GOOSE DOWN

**920+ Fill Power** – When nothing but the very best will do. 920+ Canadian White Goose Down is made up of the largest uniform clusters – hand selected from mature, specially bred Canadian geese – that will give you optimal warmth, minimal weight and utmost in comfort.

**800+ Fill Power** - 800+ Siberian White goose down is handpicked from the the choicest, premium, specially bred Siberian geese. This down will deliver incredible loft and insulating warmth.

**700+ Fill Power** – 700+ Polish White Goose Down is made from premium clusters that deliver superior loft and a higher degree of comfort compared to the top offerings of other leading brands.

**650+ Fill Power** - 650+ Hungarian White Goose Down comes from the finest of mature Hungarian geese. It is exceptionally soft and fluffy – guaranteed to yield pure warmth and pleasure

**600+ Fill Power** – The fine down of European geese. This 600+ White Goose Down is the best in its grade. Soft, yet resilient, this down is a remarkable product that doesn't compromise the warmth you crave.

## WHITE DOWN

**600+ Fill Power** – This 600+ White Down is the best in its grade. Soft, yet resilient, this down is a remarkable product that doesn't compromise the warmth you crave.

**560+ Fill Power** - Our most affordable choice for Down. This 560+ White Down has been carefully washed, making it one of the select few in this category that are also hypoallergenic. Its soft clusters, durability and light weight, make this down a favorite entry level into a world of luxury and warmth.

## EIDERDOWN

Eiderdown is the finest, warmest, most rare down in the world. The down is hand collected from abandoned nests in Eider Duck sanctuaries. Eiderdown's unique characteristics provide you with the utmost in luxurious comfort; and while the Eiderdown comforter provides you with the greatest warmth and insulation, it is extremely lightweight and will have you feel like you are sleeping on a cloud.

## ■ OXYD® HYPOALLERGENIC PROCESS

OxyD® is an exclusive Downright process that makes our down products 100% hypoallergenic – exceeding government standards for purity without compromising volume and uniformity. Our down goes through a unique double-wash and quadruple-rinse program so you can be assured you are getting the cleanest down available.

## ■ DOWN IS SUSTAINABLE AND RENEWABLE

Down and feathers have the lowest carbon footprint of any other fill material, both natural and synthetic. Unlike most synthetics, which are made from non-renewable oil, down and feathers are renewable resources. Modern sterilization processes make down clean and safe from all harmful dust and bacteria. Downproof fabrics make down products more resistant to dust mite problems than some synthetic products.

## ■ ENERGY EFFICIENT

There's nothing cozier than a Downright down comforter on a cold night. As an added bonus, you can save money on your heating bill. By using a down comforter, you can lower your thermostat a bit, and still feel toasty and warm.

# FABRIC GUIDE & CARE INSTRUCTIONS

AT DOWNRIGHT, WE SHOPPED ALL ACROSS THE GLOBE FOR THE FINEST FABRICS. WE DISCRIMINATELY USE ONLY THE MOST EXQUISITE DOWNPROOF COTTONS AND SILKS. WE ALSO PAY CLOSE ATTENTION TO EVERY STEP OF THE PROCESS AND USE ONLY THE HIGHEST QUALITY, AND SOFTEST FABRICS.

## THREAD COUNT

Like down, the world of fabric has its own designation of quality. Aside from its actual composition, this usually centers on the term “thread count”. The finer the threads, the greater their number; and the greater their number, the better the fabric, as it is composed of thinner/finer threads which allow for more breathability and flexibility. Our large selection of thread counts is here to suit every taste and budget. In addition, every comforter and pillow is finished off beautifully with double-stitching and satin piping.

## BAFFLE BOX CONSTRUCTION

Our baffle box design means an overall better product – with optimum lofting, even distribution, and greater durability. Our three-dimensional baffle box design features interior walls (baffles) that connect the top and bottom fabrics along the stitching lines, for a better look, a better feel, and a longer life.

## DAILY CARE AND WASHING INSTRUCTIONS

Please follow the simple tips below for daily care and cleaning instructions. Down comforters and pillows will last many years if cared for properly.

**DAILY CARE:** Always use a duvet cover and pillow protector to protect against everyday soil. Fluff your down product daily to refresh down filling.

**WASHING INSTRUCTIONS:** Machine wash in a commercial size front-loading washing machine. Do not use a washing machine with an agitator. Wash in cold water with a mild, low-sudsing soap. Do not use bleach. Dry on low heat in a commercial size dryer. Use tennis balls in the dryer to dissipate clumps. Dry well beyond the point where the outer fabric feels dry; this often takes 3-4 hours. This will ensure that the down clusters are free from any moisture. If possible, allow the comforter an additional 24 hours to air-dry before placing inside a duvet cover.

# DOWN COMFORTERS

# CHOOSING THE RIGHT COMFORTER

EACH DOWNRIGHT COMFORTER IS  
NOW OFFERED IN THREE WEIGHTS.

SUMMER WEIGHT, ALL-YEAR WEIGHT  
AND WINTER WEIGHT.

To select the ideal comforter, you must consider such factors as season, climate, heating system and thermostat setting. We offer a broad array of comforters-ranging from ultra-light and “barely there” to the thickest, fluffiest, warmest comforters for frigid winter. You can easily select the comforter that is perfect for your customer.

Duvet Loops: Duvet loops are automatically included on all comforters, to ensure a perfect fit.

# MACKENZA

WHITE DOWN COMFORTER

TREAT YOURSELF TO THE BEST VALUE OF A CLASSIC DOWN COMFORTER ANYWHERE. THE MACKENZA COMFORTER FEATURES A 233 THREAD COUNT, 100% COTTON CAMBRIC COVER AND IS FILLED WITH OUR LOFTY 560 FILL POWER WHITE DOWN. EACH COMFORTER IS SEWN THRU WITH 1.3" BOXES TO PREVENT THE DOWN FILL FROM SHIFTING. OUR MACKENZA DELIVERS TRUE COMFORT AND WARMTH AT A GREAT PRICE.

# DOWN PILLOWS

# CHOOSING THE RIGHT PILLOW

CHOOSING THE RIGHT PILLOW IS ESSENTIAL TO HAVING A GOOD NIGHT'S REST. TO SELECT THE IDEAL PILLOW YOU SHOULD CONSIDER NOT ONLY YOUR PREFERENCE FOR FIRMNESS, (SOFT, MEDIUM, FIRM) BUT ALSO YOUR CUSTOMER'S SPECIFIC SLEEPING STYLE:

**STOMACH SLEEPERS** PREFER A SOFT, PLUMP PILLOW THAT CUSHIONS AND SUPPORTS THE HEAD AND NECK GENTLY, WHILE ALLOWING THE HEAD TO SINK INTO THE PERFECT LEVEL. **BACK SLEEPERS** PREFER A MEDIUM DENSITY PILLOW THAT POSITIONS THE HEAD AND NECK IN LINE WITH THE NATURAL CURVATURE OF THE SPINE.

**SIDE SLEEPERS** PREFER A FIRM PILLOW THAT PROVIDES MORE SUPPORT AND POSITIONS THE HEAD, NECK, AND SHOULDERS IN HARMONIOUS HORIZONTAL ALIGNMENT.

## HOSPITALITY DIVISION

- ▶ Today's hotels' guests are very discriminating, and we fill the need for the luxury and comfort they expect. At Downright, we offer an extensive line of hotel linens as well as our regular line of comforters, pillows and mattress pads, which are guaranteed to delight your guests. We have extensive experience working with clients in every facet of the hospitality industry, from lodges to hotels, and major architectural firms. Please contact us to request a copy of our hotel brochure and to discuss your individual needs.

## CUSTOM ORDERS

- ▶ Downright's vast menu includes a custom program to design and fill virtually every size of pillow and comforter you need in both down and down-alternative fills.

## TERMS AND CONDITIONS

▶ **ORDER COMMUNICATION**

All purchase orders must be sent in writing via fax or e-mail. Purchase orders should include a Downright Product Code. Purchase orders that don't include a Downright Product Code may be delayed in processing.

▶ **BACKORDERS**

Backorders will be shipped as soon as the merchandise is ready, unless cancelled by the retailer.

▶ **LEAD TIMES**

Stock items will ship within 2-3 business days. Most custom items will be shipped within 1-2 weeks.

▶ **PAYMENT**

Downright's credit terms are Net 30 based on credit approval. Terms of sale are Net 30 from the date of the invoice, unless otherwise stated.

▶ **SAMPLE POLICY**

Comforter hanging samples and pillow samples are available upon request. Please call for pricing.

▶ **RESALE**

If a customer wants to resell our product to a third party website or store, they must first have written authorization from Downright.

▶ **IMAGE REPRODUCTION**

Any reproduction of images from our catalog or website, [www.downrightltd.com](http://www.downrightltd.com), is strictly prohibited. The images may not be photographed, scanned, transmitted, stored in a retrieval system of any nature, or used on the internet, without express written permission from Downright.

▶ **WARRANTY AND PRODUCT RETURNS**

Downright guarantees all products against workmanship and manufacturing defects. All returns are subject to inspection before credits or replacements are issued. Returned products are subject to a 20% restocking fee except for products shipped in error. Custom items cannot be returned. All products require a Return Authorization (R/A) prior to return shipping. Products returned without an R/A will be refused.
