SILKstory™
unusual treasures in silk

Raeshmi®
luxury bedding

Our Silk Story®

Silk Story® is for the delight of all who love the lustrous magic of silk and other natural fabrics.

We are a small and very enthusiastic team, guided not by any deep knowledge of the industry or proven formula for success, but by our passion for silk, an eye for the unusual, a commitment to innovation, quality and compelling value, and a desire to make a go of a venture that we thoroughly enjoy.

We look for uncommonly creative, artistic and sustainable uses of silk; develop products that best showcase the artisans' skills and the fiber's versatility; and share our success with the communities that help create our products.

We constantly research and refine our products. We work only with artisans who share our high standards. Everything has our stamp of innovative design and meticulous construction, is responsibly and ethically made, reasonably priced and easy to acquire, use and maintain.

Blissful Sleep

Raeshmi™

SILK STORY

About Raeshmi®

Silk has surprisingly creative uses that many haven't seen or even heard about. Dating back millennia, they are enduring examples of innovation, luxury and practicality.

Silk Story® brings these unusual treasures, updated for modern living, to you.

Using silk and complementary natural fibers like cashmere, bamboo, linen and cotton, Raeshmi® luxury bedding is a distinctive fusion of aesthetics and comfort that will lull you into the best night's sleep you've ever had.

Acquiring Raeshmi® is easy. For our wholesale clients, we have ready stock in Atlanta from where we ship worldwide. For our private label clients, we have teams in Atlanta and Shanghai that take care of every detail and deliver the order directly to their door.

Silk-Filled Duvets

Using a silk-filled duvet is like sleeping in a cloud. It's incredibly soft, smooth and cozy as it drapes you in weightless comfort. And, unlike even the very best eiderdown, it's naturally allergy free, will not leak or shift, is perfectly silent, and can be used year round.

Our duvets come in two weights:

ALL SEASON: for rooms set at 68 - 74 deg F

PICK-A-SIDE: dual-weight for couples with different warmth preferences

Every duvet uses the highest quality, long strand mulberry silk fill.

Our duvets are encased in 3 choices of shell:

- light-as-air, pure silk habotai
- rose-petal-soft silk-cotton Whispercale®
- 230-count pure cotton

Silk-Filled Duvet, Silk Habotai Shell

The Award-Winning, Softest,
Lightest, Coziest Duvet in the World

SIZES

King 108 x 90 in

Full/Queen 90 x 90 in

FILL

Highest grade long strand mulberry silk floss
200 gsm fill weight for all-season use

SHELL

Pure silk habotai

Washable silk-cotton Whispercale® duvet covers, sheets
and pillow cases are available.

Use with a duvet cover. Dry clean only

The fill and shell are not dyed, avoiding unnecessary processing and chemicals.
The silk will slightly yellow over time but that will not affect its natural qualities.

Silk-Filled Dual-Weight Duvet

Too Hot? Too Cold?
Just Pick-A-Side®

For couples with different warmth preferences. Half the duvet has a light fill (100 gsm), the other half a heavier fill (200 gsm). A Silk Story® original.

SIZES

King 108 x 90 in

Full/Queen 90 x 90 in

FILL

Highest grade long strand mulberry silk floss.
Dual weight fill.

SILK STORY

PillowMate®

A Silk Story® Innovation

Silk-filled pillows are luxurious and healthful but lose loft as the fill flattens with use. Overstuffing helps, but significantly (and needlessly, we think) adds to the cost of the pillow.

Enter a Silk Story® original – the silk-filled PillowMate®. Simply unzip the 3-sided opening, place your favorite pillow inside and zip it up. Then install a pillow case.

The result: a generous layer of silk that nourishes your hair and skin, in a pillow that's familiar and feels great. It's the best of both worlds!

PillowMates® are compact and great for travel. Bring one along, and instantly transform an unfamiliar hotel pillow.

Custom sizes and fabrics are available under private label.

Experience blissful sleep like never before.

Silk-Filled PillowMate® Soft Cotton Shell

An Icing of Soft, Smooth, Allergy-Free Silk
On Your Favorite Pillow

SIZES

King 36 x 20 in

Standard 26 x 20 in

FILL

A generous helping of the highest grade long strand mulberry silk floss

SHELL

230-count white cotton

Pillow cases in pure mulberry silk and rose-petal-soft silk-cotton Whispercale® are available.

Please use with a pillow case. Dry clean only.

Silk Blankets

Our luxurious silk blanket uses pure mulberry silk in both warp and weft yarns (many silk blankets bury polyester yarns in the warp). The result is a subtle silken sheen and delightfully soft hand, and the assurance of silk's natural allergy-free quality.

Meticulously tailored silk-cotton satin binding completes the elegant look.

Soft, neutral color choices go with any décor.

Custom styles, fabrics and colors are available under private label.

Experience blissful sleep like never before.

Silk-Cotton Whispercale®

Machine-Washable Luxury
A Silk Story® Innovation

Imagine sleeping on a bed of soft rose petals! Our all-natural silk-cotton Whispercale® fabric comes very close, but is easier to maintain and lasts longer!

We specially treat this fabric so the fibers swell and relax, and its shine ebbs to a subtle, welcoming glow. It stays cool to the touch all night long – an important attribute for sound, refreshing sleep.

Whispercale® is pre-shrunk for a perfect fit. Ironed or not, it's smooth and inviting. Fine tailoring and neutral colors complement your decor with understated elegance.

Whispercale® is available in sheets, pillowcases, and duvet covers as well as Duvelets and matching eoroshams. We also use it in our sleepwear for women and men.

There are many healthful benefits from resting your hair and skin on Whispercale®. Experience blissful sleep like never before.

Duvet Covers

Touch our luxury duvet covers and you'll smile.

The cover in **silk-cotton Whispercale®** is specially treated so the fibers swell and relax and its shine ebbs to a subtle, welcoming glow. It feels like a handful of fresh rose petals.

The cover in washed, pure **white linen** is the lightest and softest available anywhere. This shirt-weight linen is gracefully flanged with silk-cotton Whispercale® in warm, neutral colors.

Ironed or not, these covers have an inviting, homey look, drape effortlessly and get softer with use.

There is also great attention to detail in design and construction. The fabric is pre-shrunk for a perfect fit. A full-width zippered opening and neat little slots for hand access make it easy to install the duvet, and eight loop-and-tie points hold it securely in place.

Custom styles, fabrics and colors are available under private label.

Experience blissful sleep like never before.
